EDUCATION

IIT Kharagpur	2026
<i>M.TECH Dual Degree 5Y, B.Tech. (Hons.) in CIVIL ENGINEERING</i>	8.52
ODM Public School	2021
<i>Central Board of Secondary Education</i>	86.57%
St. Pauls School	2019
<i>Indian Certificate of Secondary Education</i>	93.36%

INTERNSHIPS AND PROJECTS

KrisAtWork	Bengaluru, India
<i>Data Analytics Intern</i>	<i>Apr'26 – Present</i>
- Developed a competitive pricing strategy by analyzing a 20-feature matrix across 6 different market competitors - Launched a targeted PLG outreach campaign, strategically segmenting 14k+ prospects into 18 different cohorts - Overhauled the data enrichment pipeline via waterfall methodology, boosting profile accuracy from 60% to 95%	
Invest India	New Delhi, India
<i>Product Management Intern</i>	<i>Jun'25 – Aug'25</i>
- Launched a notification engine in the MAARG portal, boosting interaction and retention by 2x for 10k+ users - Elevated mentor-startup interactions by 3x and introduced a discussion board with a thorough GTM strategy - Crafted a detailed PRD based on the KPI analysis, forecasting a 2x surge in user engagement upon launch	
DatSol Solutions	Remote
<i>Founders Office Intern</i>	<i>May'25 – Jul'25</i>
- Led a team of 2 developers as a Product Manager to design and build a personalized college prediction website - Achieved 92% accuracy using RF on 12k+ data points to dynamically predict 10 colleges based on 5 features - Empowered 10,000+ students to make data-driven college selections using historical rankings and feature scores	
Pocket FM	Remote
<i>Data Analytics Intern</i>	<i>Jan'25 – Mar'25</i>
- Extracted and preprocessed over 57K app reviews using NLTK, spaCy, and RegEx for sentiment analysis - Developed a RoBERTa-based sentiment analysis model, using the Pareto principle to get the top 30 keywords - Segmented users to identify behavioral patterns, delivering data-driven insights for targeted marketing strategies	
Oasis Infobyte	Remote
<i>Data Analytics Intern</i>	<i>Nov'24 – Dec'24</i>
- Built an ANN model with 2 hidden layers on 7.6K data points to predict customer churn based on 26 features - Enhanced model interpretability with SHAP analysis and deployed a real-time prediction app via Streamlit - Created a Power BI dashboard to deliver actionable retention strategies for thousands of at-risk subscribers	
Claymango Designs Pvt. Ltd.	Remote
<i>Product Management Intern</i>	<i>Jul'24 – Sep'24</i>
- Improved UX by 12% using Scrum-Agile, reducing feature release time by 15% and increasing adoption by 10% - Designed A/B testing experiments that reduced RTO by 7%, cut costs by 10%, and enhanced NPS by 15% - Executed a GTM strategy, resulting in a 15% surge in prepaid orders and 10% customer growth in 3 months	

SKILLS AND EXPERTISE

Software and Tools: Jupyter, GitHub, Apache Spark, Anaconda, Power BI, Tableau, Excel, MySQL, Streamlit
Programming Languages and Skills: Python, Structured Query Language (SQL), Data Pipelines, Dashboarding, Data Storytelling, Automation, Statistics
Core Competencies: Data Analytics, Business Intelligence, Agile (Scrum), Stakeholder Communication, Process Improvement, Actionable Insights, Governance and Compliance Reporting
Emerging Technologies: Generative AI, Large Language Models (LLMs), NLP, RoBERTa, SHAP Analysis, Random Forest, Neural Networks
MOOCs: Supervised Machine Learning: Regression and Classification, Unsupervised Learning, Recommenders, Neural Networks and Deep Learning, Natural Language Processing (NLP), Large Language Models, SQL
